A Fountain Pen

Is Part of the Necessary Equipment
for Army Service

Fountain Pens are really a necessary part of the equipment of our fighting men and they have proven their usefulness in the conflict abroad. They are a great convenience for men in training, or in actual service.

No soldier's equipment can in any sense be complete without a fountain pen. Our Store is the Fountain Pen Depot for this whole section. The range of prices is from \$1.00 up to the most expensive pens made and every pen practically sold on approval. Should a customer of ours buy here a pen that failed to prove in every way satisfactory, we refund the money or exchange for another pen. Orders filled by mail, post paid, and all possible pains taken to select a pen suited to the hand for which it is designed.

Whether in training or active service come here for your Fountain Pen—we can surely please you.

Gentlemen—We are pleased to write you that through our advertisement inserted in your directory we have traced several of our orders, one of them amounting to one thousand dollars.

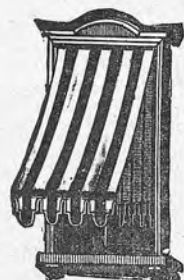

Please renew our advertisement in the 1916 directory, and oblige. (Signed) G. F. AMES & CO.

IT PAYS TO BE LISTED WHERE PEOPLE LOOK

Thousands of people use the only **COMPLETE** section of the Directory—the so-called Advertising Department. It tells more about a concern than their name and address and their general line of business.

DO YOU EVER SEE THE DIRECTORY ADS?
